The Secretary to Government,

Sir,

Labour Department-Education-South Kanara District-Labour School at Malpe-Additional teacher's post-Sanction-Requested.

I enclose copies of letters No. S.1. 1477/46 dated 17-6-46 and 2-7-46 from the Collector of South Kanara in which he requests sanction for the appointment of an additional teacher to the Labour School at Malpe. The strength and the average attendance in the school is increasing and the staff of two teachers are reported to be unable to manage all the five standards. The school is situated in an area where compulsory education has been introduced. The proposal is recommended by the District Educational Officer and is in accordance with rule 71 of the Madras Educational Rules. In the circumstances I request that the Government may be pleased to sanction the appointment of an additional teacher in the scale of Rs. 23-2/2-45 to the said school.

I have the honour to be
Sir,
Your most obedient Servant,

N. Krishnamurthy
For Commissioner of Labour. 10.7.46.

Copy of letter No. S.1. 1477/46 dated 17-6-46 from the Collector of South Kanara.

Labour Department-Education-Labour School Malpe-Increase in average attendance Additional teacher's post-Sanction-Requested.

Consequent to the introduction of compulsory education at Malpe (Kodavoor village) of Udipi Taluk and the supply of midday meals to the pupils attending the school, the strength and average attendance of the school has increased as shown below. The Head Master of the school reports that the existing staff of two teachers is not able to cope with the teaching work in all the five standards and the educational authorities recommend that an additional teacher should be sanctioned soon.

	Month.	Strength.	Average attendance.
Malpe Labour School.	December 45	60	36
	January 46	60	34
	February 46	60	43
	March 46	74	58
	April 46	91	62
	May 46	91	76

2. The school is in an area where there is a large number of scheduled classes and it is expected to improve further by the appointment of an additional teacher. The average attendance justifies the appointment of a 3rd teacher. I request, therefore, that sanction may be obtained for an additional teacher's post in the school.

Copy of letter No. S.1. 1477/46 dated 2-7-46 from the Collector of South Kanara, Mangalore.
Labour Department-Education-Labour School, Malpe-Increase in average attendance Additional teacher's post-Sanction.

The strength and average attendance of pupils in the Labour School Malpe in May 1946 was 91 and 76 respectively. As the school is within the compulsory education area, some more pupils of school going age are awaiting admission on or after 14-7-1946, when the school re-opens after the vacation.

The Educational Department has remarked that an additional post would be necessary after the monsoon vacation. When new admissions are made, the strength is expected to be more than 100 pupils and the average attendance also may go well over 90 pupils. I therefore consider that in the interest of education, there should be one more teacher in the school even with reference to the restriction laid down in Rule 71 of the Madras Educational Rules.

2. If the proposal is sent as a Part II Scheme for 1947-48 the existing two teachers may not be able to manage all the five classes efficiently during the current school year. I therefore request that this proposal may be recommended for urgent sanction as a special case.
